I think I need this...

Do you enjoy watching planes? Do you wish you could hear the pilots talking to the airport tower? Would you like to know where the plane originated and to which airline it's attached?

And why don't I need it?

You might, if what we just said appeals. Even the more lucid members of staff in the office were frankly quite impressed by its skills and it's an invaluable tool for hardcore aviators. We'd just like to see a delete option to remove planes from the sky. Now that would be fun.
